WHAT IS A ZONING MAP AND/OR TEXT AMENDMENT?

The Zoning Code and the Zoning District Map may be amended from time to time by ordinance duly enacted by the City Council. The amendment process is intended to provide a means for making these changes. It is not intended to relieve particular hardships or to confer special privileges or rights of a particular property owner, but is intended as a tool to adjust the provisions of the Zoning Code and the Zoning District Map in light of changing, newly discovered or newly identified conditions, situations or knowledge.

WHO MAY PROPOSE AN AMENDMENT?

Amendments may be proposed by the Mayor, the City Council, the Planning Commission, the Zoning Board of Appeals or the Preservation Board by transmitting such proposal, together with such supporting materials as may seem appropriate, to the Director of Planning and Zoning for processing. Minor text amendments addressing spelling, grammar, numerical references and other minor modifications which are not substantive may be proposed by the Director of Planning and Zoning and submitted directly to City Council for approval.

A proposed amendment may be initiated by an owner of, or person having a contractual interest in, real estate to be affected by the proposed amendment or by the owners of 50% or more of the frontage of real estate to be affected by the proposed amendment. The application shall be submitted, together with such supporting materials as may seem appropriate, to the Director of Planning and Zoning for processing.

The Director of Planning and Zoning may also request such other and further information and documentation deemed necessary or appropriate to a full and proper consideration and disposition of the particular application.

WHAT IS THE PROCESS?

Action by the Planning Commission:

- An informational meeting shall be set, advertised in an official newspaper, and conducted by the Planning Commission.
- The Official Neighborhood Contact and all property owners within 300 feet from the property lines of the affected property (ies) shall be notified.
- A staff report is prepared by the Zoning Office describing the proposed action. The staff report will contain any comments received from city and county agencies and any other correspondence received to the Director of Planning and Zoning, and will be mailed to members of the Planning Commission and the applicant.
- The applicant must attend the informational meeting and verbally describe the request to the Planning Commission.
- Within 30 days following the conclusion of the informational meeting, the Planning Commission shall transmit to the City Clerk for City Council its recommendation.
- If the Planning Commission recommends disapproval of the application, the applicant may withdraw the application and receive a refund of \$200 of the original \$400 application fee. If the applicant selects to proceed with the application, the request will be transmitted for City Council action as described below.

Action by City Council:

- Within 40 days of the receipt by the City Clerk of the Planning Commission's recommendation, or its failure to act, the City Council shall conduct a public hearing.
- The City Clerk will mail notices to affected parties.
- The applicant may attend the public hearing and verbally describe the request to the City Council.
- City Council will usually make its decision after the public hearing is closed.
- If the application is approved by City Council, the amendment will go into effect upon the approval of the Ordinance by the Mayor. This generally occurs within several days of the City Council approval.

AMENDMENT CONSIDERATIONS

In making recommendations regarding amendments to the text of the Zoning Ordinance or to the Zoning Map, the Planning Commission shall consider and make findings on the following matters regarding the proposed amendment:

- A. The proposed Amendment conforms with the City's Comprehensive Plan, a Development Plan, and any other adopted special area plans.**

Rezoning to reduce the number of subareas from three to two is compatible with all development plans for this area.

- B. The proposed Amendment is compatible with the present zoning and conforming uses of nearby property (ies) and with the character of the neighborhood.**

The project area adjoins an existing neighborhood and is compatible with its current uses, and overall character of the neighborhood and surrounding areas.

- C. The proposed uses are suitable for the property (ies) affected by the Amendment.**

The properties are well suited for this mixed use development.

- D. There are available public facilities, services and infrastructure suitable and adequate for the uses allowed under the proposed amendment.**

The existing facilities are adequate for the proposed use.

PROJECT INFORMATION

PLEASE TYPE OR PRINT

1. PROJECT ADDRESS(ES): Area generally bound by West Ridge Road / Lake Ave / Maplewood Drive / Eastman Ave
